

Software Licensing. Easier.

» Enter the Microsoft Enterprise Agreement

Simplify, simplify, simplify: that's the mantra of business these days. PCConnection is here to help. If you have at least 250 desktops in your office, we can set you up with a Microsoft Enterprise Agreement (EA). It's your all-access pass to simplified licensing, deep discounts on software programs, and locked-in price protection.

EA Is Easy

- **Price Protection**—Sign up for an EA and lock in software pricing for 3 years. You can even add new licensing products after your agreement is signed.
- **Easy on Your Budget**—You'll receive the best possible pricing, with payments spread over a 3-year period.
- **Flexibility to Deploy on Demand**—Simplify your setup with access to the vast majority of Microsoft titles. You can deploy it where you need it—before you purchase.
- **Ability to Conduct Training and Testing**—After signing up, you'll receive 20 FREE copies of your software for training and 10 FREE copies for testing.
- See page 2 for more information.

Why PCConnection

Microsoft licensing can be challenging—we make it easier. Our Enterprise Licensing Specialists can qualify your business needs through discovery, data collection, and analysis. Armed with this information, we'll select the right licensing options to meet your needs and fit you to a right-sized EA customized for your business.

A Partner for the Long Term

Our support keeps on going after the sale. We want to be your EA administrator for the long term. We'll work hard to ensure optimal benefits of EA over the 3-year agreement period.

EA + PCC = Success

When you partner with PCConnection, here's what you'll receive:

- **Education** about your available EA benefits
- **Support** to help you maximize your investment
- **Ease of reporting** updates during program review periods
- **Access** to Microsoft product, license, and contract specialists
- **A team dedicated to your success** that you access through a single point of contact: your Account Manager

» EA for Everyone

Enjoy greater discounts and a simplified system for maintaining and provisioning program licensing.

Read on and discover how PC Connection can leverage Microsoft's Enterprise Agreement (EA) to work for you.

Additional Benefits

Streamline your software licensing. With an EA, your business receives a remarkable technology package full of benefits that make you more efficient.

- Simplify management when you license across your entire business.
- Track the number of qualified desktop PCs used in your organization for easy price monitoring.
- Streamlined ordering process reduces administrative requirements for processing ongoing transactions with 3 annual payments.
- Renewal options simplify keeping up with ongoing license commitments.
- Reduce costs with upgrade rights to the most current software version.

Software Assurance

With an EA, your organization receives the maximum Software Assurance package offered by Microsoft, which offers you maximum ROI.

- New software version rights ensure that when a new version of your software is released during your EA agreement, Microsoft will automatically upgrade your license.
- Training vouchers help you stay current with select courses from Microsoft Certified Partners for Learning Solutions.
- Get instant access to eLearning courses that include simulations, hands-on exercises, and learning assessments.
- Download and install Microsoft Windows Vista Enterprise Edition, with extended benefits such as data protection and single-image deployment across multiple locations.
- Count on expert deployment of your Microsoft SharePoint Server and Microsoft Exchange Server software by qualified Microsoft professionals.
- Receive 24 x 7 business-critical phone support for all Microsoft server products, Windows, and the 2007 Microsoft Office system, plus unlimited Web support.
- Enjoy waived fees and sign up periods with your SA Extended Hotfix support account.

 **Call your Account Manager to tap into the cost-saving advantages of Microsoft EA today.**
