

Parts and Repair Depot

Certified Repairs, Fast Turnaround

PC Connection repairs your computer equipment right the first time, and we do it fast. We provide fully warranted, factory-authorized repair service for most major brands of systems, notebooks, and printers. Plus, our rapid turnaround means you get your equipment back up and running sooner.

We'll Repair It No Matter Where You Bought It

Our repair and parts sourcing services are not limited to products purchased from us. We provide the same fast service even if you purchased your equipment through another vendor.

We Can Source Hard-to-Find Replacement Parts

Often system repairs are simple and can be performed in-house, if you can find replacement parts. While manufacturers tend to restrict the sale of replacement parts, because of our service status, we are able to source thousands of OEM replacement parts and get them to you quickly—even overnight.

» PC Connection is your complete authorized repair source.

- Hours: Monday through Friday, 9:00 a.m.–5:30 p.m. ET
- An Account Manager can help you with quotes and product specific requests
