

TELECOM EXPENSE MANAGEMENT (TEM)

POWERED BY
tangoe

Connection takes the complexity out of TEM and eases your workload by providing the necessary technology and expertise to maximize the value of your wireless and fixed wireline investments. Our solution provides full visibility and control across voice, data, and network expenses—as well as a complete inventory and corresponding invoices in one central location. Utilizing AI, ML, and RPA-powered technology, combined with expert managed services and support, we simplify, manage, and optimize telecom solutions for enterprises of all sizes, resulting in meaningful business outcomes.

See and Control Expenses

Including, but not limited to:

- Carrier / SIM / 5G / IoT
- Circuits and wireline
- SD-WAN and MPLS
- Internet and cable
- Toll-free numbers
- POTS lines
- Satellite connectivity
