Microsoft Funding Opportunities

Certain engagements may qualify for Microsoft funding through official Microsoft programs, which can partially or fully offset professional services costs. Eligibility and approval are determined solely by Microsoft, and funded engagements must meet defined scope and completion timelines. If funding is not approved or redeemed, services are delivered at standard rates.

Microsoft

How We Deliver

Connection delivers services through flexible models, including outcome-based projects and time and materials (T&M), allowing alignment to business needs while maintaining clear scope and accountability. Engagements are supported by dedicated project management and engineering resources to ensure consistent execution and are delivered by Microsoft-certified professionals focused on driving reliable, predictable outcomes. Where applicable, Connection may also associate eligible workloads through Claimed Partner of Record (CPOR), enabling Microsoft to recognize our role without impacting customer data access, partner choice, or contractual ownership.
