

Logitech Service Plans for Rooms

Logitech Services ensure minimized downtime and reduced day-to-day maintenance of your Logitech devices. With global support, powerful software, and fast product replacements, Logitech Services help you maximize uptime, ensure business continuity, and ultimately get more out of your Logitech investment.

Basic Support

Standard support is always included when you make a Logitech B2B purchase. It includes a two-year warranty, business-hours support, and access to the Sync management portal.

Logitech Essential

Logitech Essential is a service plan that includes advanced software tools to help you manage your spaces and Logitech devices efficiently. With Logitech Essential, you get granular visibility and total control of your Logitech devices and meeting rooms.

Sync Plus

Logitech Sync Plus enhances device management with real-time alerts, ServiceNow integration, and insights on device and space usage.

Logitech Select

Logitech Select is a comprehensive service plan featuring around-the-clock issue resolution by product experts, accelerated RMA, and the same powerful software tools as in Essential, for maximum uptime. Think of Select as a help desk staffed by video collaboration specialists with expertise using Logitech products as well as Microsoft Teams, Zoom Rooms, and other platforms.

Part numbers for Select plans

Select offers flexible licensing options to meet your needs. Choose single room licenses that scale in price depending on your device deployment and room size. Alternatively, opt for an Enterprise Plan that covers all rooms, eliminating the need for room-by-room licensing and enabling seamless expansion and management. All options provide the features listed on the previous page.

Select plans (per room)	Select for Small Rooms One Year Plan	994-000368
