

Mapping Connection to Apple School Manager

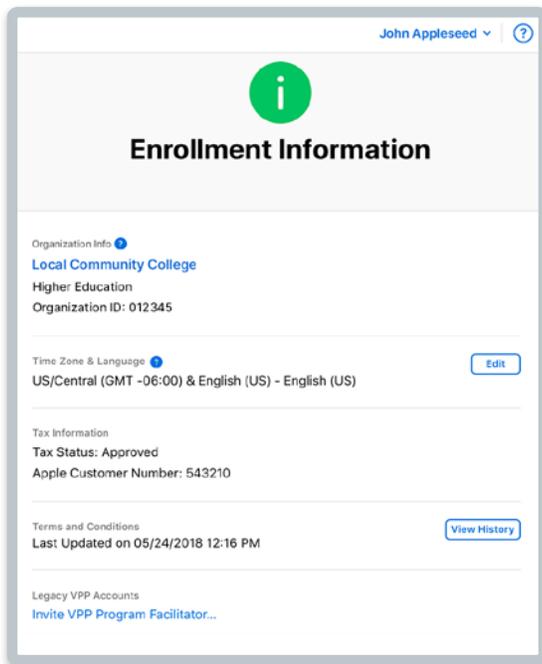

Connection Supports Automated Device Enrollment

Any eligible Apple devices can be automatically enrolled into Apple School Manager; formerly called the Device Enrollment Program (DEP).

After a few simple steps to set you up, any future purchases will be automatically enrolled at the time they ship.

Mapping Connection to Apple School Manager

- In your Apple School Manager portal¹, add **Connection's Reseller ID: 270D1C0**
- After adding the Reseller ID above, provide Connection with a screenshot of the Enrollment Information screen within Apple School Manager which displays your Organization ID
 - Screenshots are requested to prevent any errors when processing enrollment of your devices (see example below:)

- All future shipments of devices eligible for Apple School Manager will be automatically enrolled at the time of shipment.
- If needed, any eligible Apple devices previously acquired through Connection may also be easily enrolled for purchases dating back to March 1, 2011

Benefits to Using Apple School Manager

- ✓ **Zero-touch Deployment**
Modern wireless provisioning of settings, accounts, networks, and content which allows end users to unbox and set up their device without any intervention or configuration by IT.
- ✓ **Distribute Apps and Books Institutionally**
Organizational level ownership and distribution of content to users. Content requiring purchase can be obtained via credits available for purchase through Apple or Connection.
- ✓ **Improved Inventory Control and Management**
Monitor device status, track inventory and assigned users, clear iCloud Activation Lock, remotely track and wipe equipment, enforce restrictions, and more.²
- ✓ **A Better Way to Manage Apple Devices**
Enable end users to use iCloud without impacting future device management or utilization.
