CLOUD COST OPTIMIZATION FOR SaaS

POWERED BY

tangoe®

Tangoe is a Premier member of the FinOps Foundation, a validation of cloud expense management excellence for organizations of all sizes.

Powered by AI, our solution lets you gain visibility and control over your company's SaaS licenses to drive financial and operational efficiencies resulting in a positive ROI from inception. Uncover insights that will help you and your team make strategic business decisions and tighten compliance and security protocols and oversight.

Gartner estimates approximately 25% of provisioned licenses are not regularly used.* At a $1370 average SaaS spend per employee, per year, the cost savings opportunities are significant.

Why Organizations Need Connection SaaS Cost Optimization

Reduce spend on over 775+ SaaS applications:

- Visibility to manage, authorize, and control
- Reduce costs by rationalizing entitlements and usage
- Manage, automate, and report across all your applications
- Forecast, budget, and chargeback spend
- Automate various tasks like employee on / off boarding
- Use AI to gain insights and recommendations

Outcomes with SaaS Cost Optimization

- Centrally manage, track, and analyze SaaS applications across all geographies, locations, and cost centers.
- Stay on top of change and spend with monitoring, alert, service pause, and reporting.
- Use the power of AI, automation, and custom workflows to realize cost savings.
