

## Document Management Solutions from Brother

### TAA Compliant Products to Meet Federal Demands

Custom built for the unique requirements of the U.S. Federal Government, Brother offers robust and reliable printers that comply with the Trade Agreements Act (TAA). Ideal for any government agency, business or organization seeking secure document management solutions that meet federal regulations, these products can be easily added to Government Wide Acquisition Contracts (GWACs).

#### Why Brother Government Solutions?

Brother Workhorse Series devices are a fiscally responsible choice for mid- to large-sized government workgroups with demanding print and scan volumes and varying levels of security requirements. This is an opportunity for the dealer community to expand their sales into the federal government and earn additional revenue.

#### TRIPLE LAYER SECURITY

Help safeguard sensitive documents and securely connect to the device and your network.

#### DURABLE DESIGN

Reliable performance to handle high print and scan volumes of the Federal sector.

#### LOW TOTAL COST OF OWNERSHIP

Includes Brother Genuine super high-yield cartridge, ultra high-yield replacement cartridge available for lifelong cost efficient printing.

#### PRODUCTIVITY

Designed for demanding printing environments, with advanced connectivity options for public sector requirements.
